

NOW IN OUR 19TH YEAR OF SERVICE TO THE GLADES

ASSISTANT ENTOMOLOGIST Dr. E. P. Harris, Jr., of the Legion Hall for Teen Town, was demonstrating the purpose and use of his experiments to the station's recent visitors from Greece. Seated to his right are Dr. Harris, Dr. D. G. Quastel, USDA station staff; Dr. T. C. Buchelos, the visitor; and W. G. Gessung, staff entomologist. The picture was snapped during his visitor's three-day tour of the Belle Glade facilities.

Experiment Station Demonstrates Hospitality To Foreign Scientist

Everglades Experiment Station is playing a major role in the work of our State Agricultural Experiment Station when it plays host to a visiting foreign plant specialist who has been brought to this country to take advantage of this nation's "know-how" in agricultural development and experimentation.

Such might well be the case with the Glades' most recent visitor, Dr. Theodore C. P. Paliogiannis, Director of the Plant Protection Station, Piraeus, Greece, about 100 miles northwest of Athens. He was brought to the United States by the International Cooperation Administration for a 12 month study of agriculture in Florida and California. It's his second trip to America.

Dr. Buchelos arrived in this country June 22 and had been in the citrus belt immediately prior to his visit to the Glades. He'll visit several other Florida experiment stations before leaving for California.

He was conducted through various departments of the experiment station by staff members who explained their parti-

Plans For Hospital Maternity Ward And Other Hopes Told To Rotarians

More information on the operation and future plans of Belle Glade Memorial Hospital were heard by Belle Glade Rotarians Friday when Floyd Miller, Jr., hospital administrator, presented facts and figures on this year's proposed activities.

He said the U. S. government, under the agreement with the city, will contribute \$100,000 to the hospital by 1948, has the right to take away the use of the hospital for the next nine years for reasons of mismanagement. The terms of the agreement are acceptable at the hospital office.

The present income by taxes on property within the present Southwest Florida Hospital District is \$100,000 from which a net of \$96,000 is to be realized, he said. The reduction is due in part to the deductions allowed for early payment of taxes.

On other facts, he said, the hospital hopes to create a modern maternity ward. This, of course, can only be achieved when a waiver of the remaining nine-year lease is granted. The question of waiver is already in process through necessary channels. Unless this can be obtained, it would seem unwise to invest or go into debt for the money needed to accomplish these aims, Miller pointed out.

Operation

Miller said the hospital's average cost per patient is \$21 per day. The charge per patient per day is \$9 in the wards; \$12 in private rooms and \$15 in private rooms.

There were 441 children born at the hospital during the past year. For the same period there were 119 in the Clewiston hospital and 111 in the Palm Beach hospital. Total admissions for 1938 at the Belle Glade facility was 2,270; Pahokee had 1,376 and Clewiston had 1,390. Average number per day of Belle Glade per year was 37.

The "write-offs" for non-payment of services in the last six years has averaged about \$10,000 per year. Most of this was due to non-payment by migrant

"Bad Intent" Comment Not Justified In Criticism Of Herald's Teen Story

In the following letter to the editor, The Herald has been unjustly accused of "telling a truth with bad intent," whatever that means, in connection with the J. W. article concerning the loss of the Teen Town location in the Belle Glade Hotel Building.

Freedom of the press I'll buy, but not when it's combined with a "truth" that told with bad intent. Why not? The picture enclosed with the way your paper wrote the item in your paper: The other paper's story says you might smell a shadow of "A truth told with bad intent." Or was it written in an manner deliberate? Your item had all the earmarks of "Bad Intent."

I think the good men of media should have been praised to the heavens for the gratis eight months of mayhem of his article.

P. S. When I grew up in New Orleans, there was no such

thing as a free hang out. I shined shoes to pay my training fee's at Curly's Gym. Today the odds are on the country. But I can't tell the TEENTOWN OUT OF THE BOY.

"I'll bet a new mouth piece the Kids don't send the Doctor a "Thank you" those lines. . . .

We are taken to task on two points: 1. We didn't think the owner sufficiently, either editorially or in inference in the story; and 2. We should have covered the story the way another newspaper did.

The Herald's Jan. 15 was perfect in its editorial appreciation for the acquisition of the building and a page one story "thanked" everyone even remotely connected with the creation of the building.

The Herald's story last week that Teen Town had lost its home because a commercial enterprise might move in. Teen Town officials have these terms when they accepted the hall, and it

was no surprise to anyone.

Without getting up on a soapbox, The Herald attempted to point out the need for another house to house Teen Town. They got it.

With reference to the fact that The Herald should have reported the news story in a similar manner to another newspaper: The other paper's story was not true! The owner of the building did not tell Teen Town it "had to make way for progress" by leaving, as stated in the other paper.

On the contrary, he offered the building to the town, the building which proved too confining to the activities of a couple of hundred youngsters. The commercial deal isn't definite yet, it's subject to revision for the time being.

While admitting to not being perfect, and inviting readers to comment, The Herald feels it has had its hands spanked justly.

Future Plans

According to an announcement by Mrs. McWhorter:

"Our sincere thanks to Dr. John Baker for helping us get Teen Town off the ground (from the ground) building. Our goal is to raise enough money to buy a lot and then see if we can't promote a building. Our bank balance at the present is \$38,753.75. Thank you."

"Thanks to the following chaperones: Mr. and Mrs. Frank Anderson, Mr. George Crows, Mr. and Mrs. Jack Kaufman, Mr. and Mrs. Eddie Cherry, Mrs. Ferris Kincaid of the Finance Year Committee, and Mrs. Myrtle Kincaid.

Our thanks to Mrs. Kincaid for visiting us and exchanging some helpful ideas for our Teen Town."

Mrs. Mathewson

Back From West

Mrs. Jack Mathewson and daughter, Mary, returned home last weekend after a five weeks tour and visit in the Western states. They traveled by train from West Palm Beach to St. Louis, Mo., and by bus on to Salt Lake City, Utah to see more of the country, stopping overnights in Kansas City, Denver, Colorado, Salt Lake City.

In Salt Lake City they were met by Mrs. Mathewson's sister and family, Mr. and Mrs. S. C. Anderson of Logan, Utah and visited with them for a week.

They then traveled west to spend a week with another sister and family, Mr. and Mrs. Albert H. Holoyak. At Gooding, Idaho they visited her father, William E. Larsen and brother, William Larsen and family, in Shoshone, and Mr. Mathewson's brother, in Boise, Idaho.

Highlights of the trip were a three day family reunion in the mountains above Sun Valley, with six brothers (two from California) and the three girls and all their families present. They also enjoyed a family picnic on the lawn at the residence of Mr. and Mrs. William D. Larsen in Burley, Idaho.

At the wedding of a cousin and their families took them on a tour of Yellowstone Park, and to Cheyenne, Wyoming, and the North Pacific streamlining to Chicago, and a plane to Miami.

"The West was beautiful and still much my homeland," Mrs. Mathewson exclaimed, "but we have ever homesick for Florida."
